MEET OUR TEAM

REBECA SCATTONE
Master Lash Tech

Rebeca will be your lash technician. With over 4,000 eyelash extensions already completed, she brings ample experience to guide you in choosing the best style.

Rebeca is a licensed beautician in UK, and her expertise extends to a deep understanding of anatomy, ocular health, and skincare.

As an advocate for ocular health, her priority is your safety and the preservation of the quality of your natural lashes.

DANI MOORE
Master of Organization

Dani is your first point of contact with us. She manages our WhatsApp, engages with clients, assists with appointments, and is always attentive to clarify your doubts and provide support.

OUR STYLE

I specialize in providing customized services, taking into consideration facial visagism, bone structure, eyebrow position and arch, as well as the client's style and intentions.

I believe that each eye and each woman is unique, and this uniqueness should be reflected in their eyelash extensions.

Additionally, I am one of the **first lash technicians in the world to work** with LED lashes technology.

This revolutionary breakthrough utilizes LED light , providing numerous benefits such as prioritizing health and comfort, instant curing, longevity, unaffected elegance, and lasting comfort.

Our services are provided in an exclusive one-on-one environment, without mixing clients or external distractions.

We also offer home services, bringing comfort, privacy, and discretion right to your doorstep.

Our goal is to ensure that you receive personalized attention.

CUSTOMER SATISFACTION RATING

I take great pride in maintaining a 5-star customer satisfaction rating and am honored to have become a multi-award winner in recognition of my dedication to exceptional service.

Rebecca did my Russian 3D lash extensions and I am absolutely loving them!

I had 2 previous not great experiences so i was a bit nervous but she was thorough explaining and making me feel at ease, Her studio is fresh clean light and a lovely peaceful and calming space.

I have received so many compliments from friends and family and i would highly recommend her - She is really the best!

QUICK & BEAUTY

Quick and trendy lash techniques like the outer corner fox (top photo) and half set (bottom photo) are gaining popularity for 2024.

The half set provides a swift enhancement to the natural lashes, while the outer corner fox offers a focused, sexy effect.

Both techniques offer diverse volume options and are known for their durability.

Partial fill lash techniques may have a shorter durability than usual.

For the outer corner fox, the durability is 2 weeks, although we have a track record of longer-lasting results.

For the half set, we suggest infills every 3-4 weeks to maintain the look.

RUSSIAN VOLUME

Russian volume lashes are an advanced technique that provides a dramatic and voluminous effect, perfect for those seeking a more glamorous look.

They are known for their durability, remaining full and lush for an extended period.

We recommend maintenance every 3-4 weeks to ensure that your voluminous lash look stays flawless and long-lasting.

Whether you prefer a lighter, natural look (top photo) or a more dramatic, voluminous effect (bottom photo), we are here to help you choose the perfect style for customized lashes that will leave you feeling confident and stunning.

WISPY - 2024 TREND

Wispy lashes are known for their feathery and natural-looking effect, adding subtle length and volume for a soft, fluttery appearance.

They offer a diverse range of volumes, from delicate to slightly fuller, catering to various preferences.

These lashes are durable and can maintain their elegant appeal over time.

We recommend maintenance every 3-4 weeks to keep the spikes lashes looking fresh and beautiful.

Whether you prefer a lighter, natural look (top photo) or a more dramatic, voluminous effect (bottom photo), we are here to help you choose the perfect style.

DURABILITY TAILORED TO YOUR NEEDS

Whether you're looking for extensions for a special occasion or seeking long-lasting convenience and beauty, we have options for you.

Our express technique takes just 40 minutes and provides partial lash coverage with volume extensions, delivering a voluminous yet natural look.

Meanwhile, our ultra retention technique uses the capping method, ensuring 30+ days of lash durability. (We have a track record of 6-7 weeks durability, but this depends on personal care for the extensions.)

The Ultra retention technique considers your Lash tech's analysis of your natural lashes' health, prioritizing their protection and well-being.
